- ❑ June 28th Sewanee Author Isabel Anders will be at Lorena's from 2 pm – 4 pm for an interactive presentation on her book The Faces of Friendship.

Isabel has collected in one volume her insights on the various “faces of friendship” that we encounter daily, with hints of paths we may follow for our souls’ instruction and delight. But this is no simple prescription applicable for everyone or every situation. Friendship can be as particular and as beloved as one special face.

Come learn how friendship underlies an entire philosophy of life, and how “Our neighbor’s peace is half our own peace”!

Many helpful quotes and sensitive reflections within these pages will serve to stretch the reader and invite ongoing interaction—providing questions, directions, and further insights at the end of each chapter.

Come for coffee and Friendship Cookies, conversation and fresh ideas ... give yourself a “friendship break”! No reservations required.

### The Faces of Friendship

With a special introduction of Isabel's essay, "Believing in Hope"
